19th November 2014 – 9th January 2015**

**Press Meeting November 27. 2014 4--6 pm
A cocktail party will follow**

**« Introduction to the Giorgio Caporaso Universe »
Karine Arabian, 10 rue Jean-Jacques Rousseau,
75001 Paris
28th November – 6th December 2014**

It all started with the discovery of an Italian designer, in when the Karine Arabian house spotted a shared DNA in terms of how shapes, materials and original lines are worked and experimented. On the basis of this affinity, the Karine Arabian house has invited the Italian designer Giorgio Caporaso to give vent to his creativity by staging his "Ecodesign Collection" of furniture in the brand's Parisian boutiques. This dual event is a testimony to the sensibility the Karine Arabian house harbours for the world of design and the creative universe of Caporaso.

The shoes and accessories from Karine Arabian's autumn/winter collection will be enhanced by the scenography of the shopwindows presenting Caporaso's furniture.

"The presence of furniture and design objects created by Giorgio Caporaso in the Karine Arabian boutiques is an amazing opportunity of encounter -discovery between two universes that share an audacious approach towards unusual material combinations in their quest for beauty via the movement of lines and originality of shapes" quotes Tiziana Bardi, curator of the event.

In the pictures: boots Eridan (Maison Karine Arabian) and chaise-longue X2Chair (design Giorgio Caporaso)
